

## Important Information For Service Primer Bulbs Part Number 89396t38 (Mercury Precision Part)

This primer bulb fits all Mercury, Mariner and Force outboards with 1/4 inch (6mm) inside diameter fuel line.

All assemblies using one white and one yellow connector should have white connected to the engine fuel line and yellow connected to the fuel tank fuel line.

If an arrow is present on the primer bulb, it should point towards the engine, indicating the direction of fuel flow.

- a** - White
- b** - Yellow
