

Distribution Channel for MerCruiser Diesel Engines and Parts (USA only)

Models

All Current and New MerCruiser Diesels

Starting January 1, 2001 the distribution of MerCruiser diesel engines and parts will be through MerCruiser Diesel Power Centers. With this channel of distribution, parts and engines will be readily available to MerCruiser Dealers along with service support, application and training needs. Below is the list of MerCruiser Diesel Power Centers for the United States and the territories that each will cover. Mercury/MerCruiser dealers may continue to purchase non-current diesel engine parts through Mercury Precision Parts.
